

Stained Glass

I did this design because it looks like stained glass and stained glass looks cool. This was also the easiest option that I could think of. It has a lot of reflections and that makes it simple.

Linear Equations

$$Y=11/4x$$

$$Y=-11/4x$$

$$Y=3/2x+17$$

$$Y=-3/2x+17$$

$$Y=10/9x+9.5$$

$$Y=-10/9x+9.5$$

$$Y=7/5x$$

$$Y=-7/5x$$

$$Y=7/5x-16$$

$$Y=-7/5x-16$$

$$Y=-5/6x-16$$

$$Y=5/6x-16$$

$$Y=7/5x$$

$$Y=-7/5x$$
